

Stone *Furniture* by FORMA

Custom dining tables, vanities, consoles and statement pieces — handcrafted from natural stone in our Melbourne workshop. Designed for architects, developers and the homes of the discerning.

Made by hand, *shaped by stone*

Every piece of FORMA furniture begins with the stone itself. We select slabs for their vein character, colour depth, and structural integrity — then design the piece around the material, not the other way around.

Our Melbourne factory combines CNC precision with hand-finishing to deliver furniture that honours the natural beauty of the stone. From a monolithic dining table to a sculptural vanity basin, every edge, profile and surface is crafted to exacting standards.

We work directly with architects and designers to develop custom pieces — from initial concept and stone selection through to fabrication, finishing and delivery. No piece is standard. Every commission is one of one.

01

Stone Selection

Every piece starts with slab selection at our Brooklyn warehouse. We hand-pick for vein, colour and structural suitability — ensuring the material drives the design.

02

Factory Craftsmanship

CNC waterjet cutting, precision profiling and hand-finishing under one roof. Tolerances held to $\pm 0.5\text{mm}$. Every piece dry-fitted and approved before leaving the workshop.

03

Bespoke to Brief

Custom dimensions, stone selections, base materials and edge profiles. We collaborate with your design team from concept to installation — no templates, no compromises.

Statement *pieces* in stone

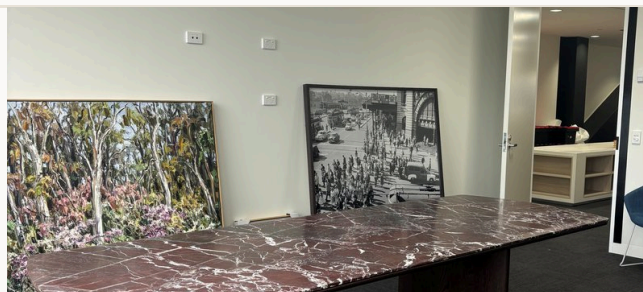

Each piece is crafted from natural stone selected at our warehouse. Custom sizes, stone selections and base configurations available for every item. All pieces made to order in our Melbourne factory.

Dining Table

TAJ MAHAL QUARTZITE · TIMBER BASE · SEATS 8-10

Statement dining table with a natural stone top and sculpted timber base. Available in any stone from our collection — custom sized to your dining space. Rounded edge profile with a soft chamfer.

Rosso Lepanto Table

ROSSO LEPANTO MARBLE · WALNUT BASE · 2400MM

A dramatic deep-red marble dining table on twin walnut pedestals. The Rosso Lepanto's white veining catches the light — a centrepiece that commands the room.

Console & Drum

TRAVERTINE · BRASS FRAME · CUSTOM DIMENSIONS

A console table with a raw-edge travertine top on a sculptural brass frame, paired with a solid travertine drum side table. A refined entry or living room statement.

Marble Base Cabinet

NATURAL STONE PLINTH · LACQUER CABINET · BRASS HARDWARE

A high-gloss lacquered cabinet on a sculpted marble plinth base. The stone grounds the piece — combining warmth, weight and material honesty with contemporary joinery.

Ceppolino Vanity

CEPPOLINO ROSSO · INTEGRATED BASIN · CUSTOM

A monolithic vanity carved from a single block with integrated basin and drainage. The stone's layered pink, grey and charcoal veining creates a jewel-like powder room moment.

Nero Vanity

NERO MARQUINA · GEOMETRIC BASIN · WALL-MOUNTED

A sculptural wall-mounted vanity in polished Nero Marquina with an angular integrated basin. Clean, minimal, and architectural — for the bathroom that demands restraint.

Your vision, *our stone*

We design and fabricate custom stone furniture to your exact specifications. From a one-off dining table for a private residence to a suite of vanities for a multi-residential development — every commission begins with a conversation.

Dining Tables

ANY STONE · CUSTOM SIZING · 4–14 SEAT

From intimate four-seaters to grand 14-seat tables. Choose any stone from our warehouse. Bases in walnut, oak, steel or stone. Round, rectangular or shaped tops.

Vanities & Basins

INTEGRATED BASINS · WALL-MOUNTED · FREESTANDING

Monolithic vanities with integrated basins carved from a single block. Custom dimensions, drainage solutions and stone selections for residential and hospitality projects.

Consoles & Side Tables

STONE TOPS · BRASS · STEEL · TIMBER BASES

Entry consoles, living room side tables and hallway pieces. Stone tops paired with bespoke metal or timber bases — designed to your exact dimensions and material brief.

Plinths & Display

SOLID STONE · PEDESTAL · DRUM · CUBE FORMS

Sculptural stone forms for art display, furniture bases and architectural anchoring. Solid travertine drums, marble cubes, onyx pedestals — each piece turned from a single block.

Multi-Residential

VOLUME PRODUCTION · CONSISTENT QUALITY

For developers specifying stone furniture across multiple units — we deliver consistent quality at volume. One stone selection, fabricated to identical standards across every apartment.

Hospitality & Commercial

BARS · RECEPTION · FEATURE PIECES

Stone bars, reception counters, boardroom tables and lobby furniture. Designed for durability and visual impact in high-traffic commercial environments.

Let's create something *extraordinary*

Every piece begins with a conversation. Tell us about your project, your space, your vision — and we'll find the stone and the form to match it.
